WORKFORCE INVESTMENT ACT

Number: WIAD06-8

Date: September 29, 2006

CWIB/69:141:me:10285

TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: SFY 2006–07 HIGH CONCENTRATION OF ELIGIBLE YOUTH ADDITIONAL ASSISTANCE

EXECUTIVE SUMMARY:

Purpose:

The purpose of this directive is to publish the California Workforce Investment Board's (State Board) current policy and procedures for Local Workforce Investment Areas (local areas) that are eligible to apply for High Concentration of Eligible Youth awards for State Fiscal Year (SFY) 2006–07.

Scope:

This directive applies to all local areas eligible to receive additional funding and communicates procedures for award application.

Effective Date:

This directive is effective upon release.

substantive comments that are viewed as highlighted text. The highlighted text will remain on the Internet for 30 days from the issuance date. Retain this directive until further notice.

BACKGROUND:

Section 129(b)(2)(C) of WIA requires states to provide additional assistance to local areas that have high concentrations of eligible youth. The State is providing WIA 15 percent funding to assist the local areas in increasing the number of youth receiving WIA services. This directive outlines the State Board's policy for disseminating the high concentration of eligible youth funds.

The WIA Section 129(c) specifies the activities that must be carried out using WIA 15 Percent High Concentrations of Eligible Youth funds. These activities include assessment of the academic level, skill level, and service needs including a review of basic skill deficiencies and supportive service needs. Additionally, remedial activities to address basic skill deficiencies, which include language barriers, may be a part of the service strategy for youth.

POLICY AND PROCEDURES:

The following criteria were developed and approved by the State Board for an application process to distribute funds to the local areas having the highest concentration of WIA eligible youth:

1. Local areas having a high concentration of WIA eligible youth rate that is above the State average of 23.6 percent are eligible to submit a request for funding. Twenty-seven local areas meet this requirement. *Attachment 1* is the High Concentration list for all local areas based on 2000 census data.
2. Local areas must select one priority area of focus from the following list:
 - Foster Youth
 - Youth Offender
 - Youth with Disability
 - Migrant and Seasonal Farm Worker Youth
 - Youth of Incarcerated Parents
 - Indian and Native American Youth
3. Each local area above the 23.6 percent state average may submit an application for funds. The maximum amount of funding to be awarded is \$500,000 resulting in a grant award of \$18,500 based on all 27 local areas applying. This amount may increase depending on the number of actual applications received and meeting the eligibility criteria.
4. A local area's application must match the requested amount using a match of one dollar of non-WIA funds for each three dollars of high concentration grant funds. In-kind may not be used to satisfy the match requirement.

5. The local area must develop a plan and budget to reflect a projected increase in the number of WIA eligible youth to be served and the specific services to be provided as described in the WIA Section 129(c).
6. The local area must meet WIA expenditure and performance requirements which includes, the 30 percent out-of-school youth expenditure requirement, 2 out of 3 younger youth performance measures, and 3 out of 4 older youth performance measures for SFY 2004–05 and 2005–06.
7. The High Concentration proposal may not be used to supplement or leverage funds of any other 15 percent project.
8. Local areas funded in SFY 2004–05 must have fully expended their funds. Local areas receiving SFY 2005–06 funds must have expended at least 75 percent or more of their grant funds by October 27, 2006. Additionally, local areas must have met their program outcomes.

All local areas above the statewide average that meet the above criteria may apply for the High Concentration Eligible Youth funds. To apply for funding, the local area must submit the following information:

1. A description of the proposed area of focus and activities or services that will be used to address the documented unmet need within the geographical area served. The application must reflect a projected increase in the number of WIA eligible youth to be served and the services to be provided as described in WIA Section 129(c).
2. An outline of the proposed outcomes and specify the increase in the number of youth to be served based on the number of youth served in the SFY 2005–06.
3. A timeline for completing activities and project outcomes. Timelines should cover the contracted period that covers December 1, 2006, through December 31, 2007.
4. A budget detail and budget summary. Include all associated costs for this project/service. Ensure that the matching funds requirement is clearly outlined in the Budget Detail. *Attachment 2* is a sample budget form for your reference.
5. The application should be typed, double-spaced, 12 point Times New Roman Font.

ACTION:

Bring this directive to the attention of appropriate staff. **The application must be received no later than 5 p.m. (Pacific Standard Time) October 27, 2006.**
